Pacific Standard Time Presents: Modern Architecture in L.A. celebrates the city's modern architectural heritage through exhibitions and programs at cultural institutions in and around L.A. starting in April 2013. Supported by grants from the Getty Foundation, Modern Architecture in L.A. is a wide-ranging look at the postwar built environment of the city as a whole, from its famous residential architecture to its vast freeway network, revealing the city's development and ongoing impact in new ways.
